Delft University of Technology

**Keywords:** Applied Mathematics, Computer Science, Social Activities, Interdisciplinary Science.

## Society for Industrial and Applied Mathematics

The *Society for Industrial and Applied Mathematics (SIAM)* is an international community of over 13,000 individual members. Almost 500 academic, manufacturing, research and development, service and consulting organizations, government, and military organizations worldwide are institutional members. The goals are:

- To advance the [application of mathematics and computational science](#) to engineering, industry, science, and society.
- To [promote research](#) that will lead to effective new mathematical and computational methods and techniques for science, engineering, industry, and society.
- To [provide media for the exchange of information](#) and ideas among mathematicians, engineers, and scientists.

## SIAM Student Chapters

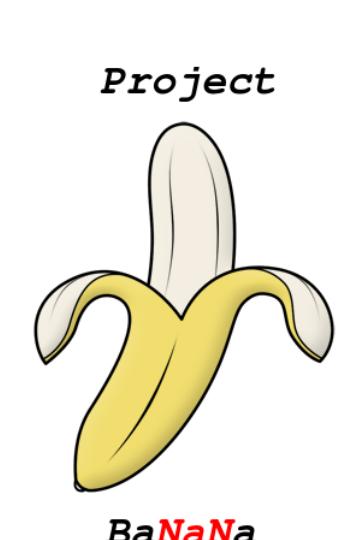

A *SIAM student chapter* resides at one or more colleges or universities, and ideally involves students and faculty members from different departments. The purpose of a chapter is to generate interest in applied mathematics and computational science by providing students opportunities to:

- Share [ideas and enthusiasm](#) with fellow students and faculty from any relevant department on campus,
- Explore [career opportunities](#),
- Make [contacts](#) that will last a lifetime and to
- Develop [leadership skills](#).

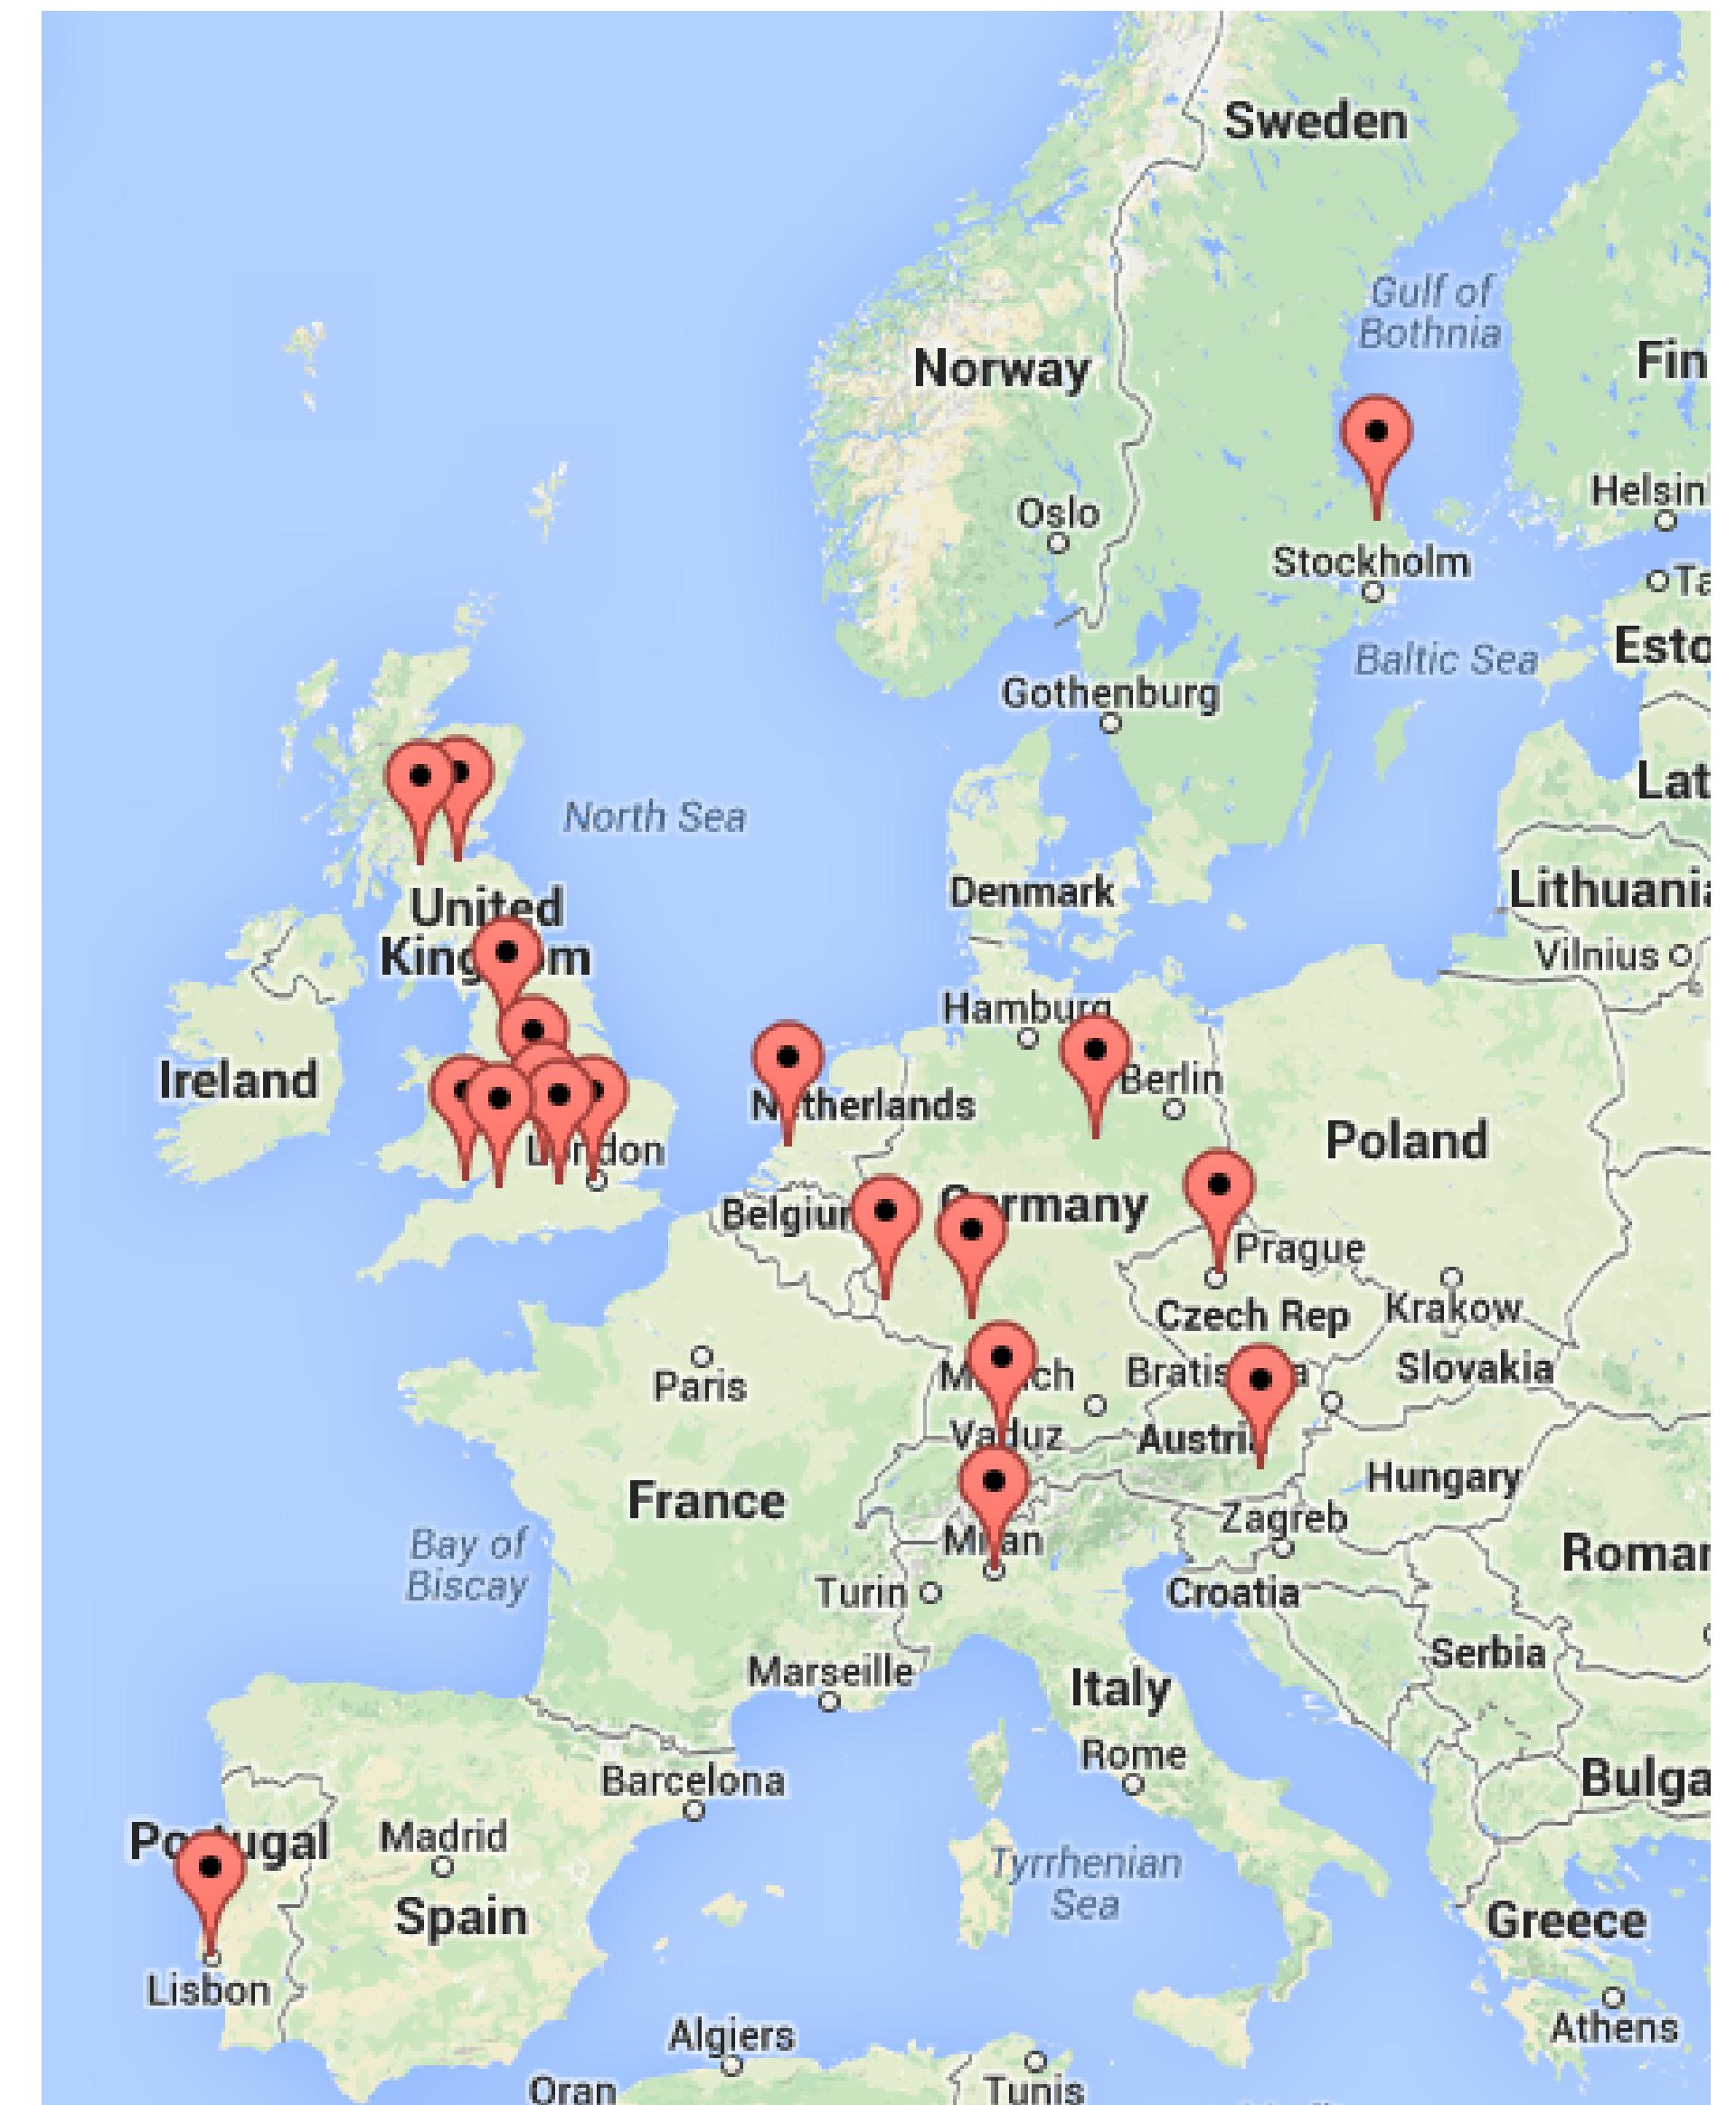

## Chapter activities

We are planning a couple of events:

- Seminars and lectures for and by PhD students,
- Student [Krylov day](#) at TU Delft on February 2, 2015,
- Learning-by-doing sessions on software tools [baNaNa talks],
- Socials events like faculty BBQ, bowling, ...

## SIAM chapters in Europe

The first SIAM student chapter in the Netherlands is installed at TU Delft.
